COMMENTS ON “BOGOMOLOV’S PROOF OF THE GEOMETRIC VERSION OF THE SZPIRO CONJECTURE FROM THE POINT OF VIEW OF INTER-UNIVERSAL TEICHMÜLLER THEORY”

Shinichi Mochizuki
April 2020

(1.) In the second display following the phrase “natural projection maps”, the notation “\{(0,0)\}” should read “\{(0,0)\}”

(2.) The final portion “over \(M\)” of the sentence that contains the phrase “clockwise orientation” should read “over \(\mathcal{M}\)”.

(3.) In the first sentence following the display that begins with the phrase “Certain function-theoretic aspects”, the word “exponentiation” is misspelled, i.e., appears with the incorrect spelling “exponentation”.
