Corrections to

"Convergence of symmetric Markov chains on $\mathbb{Z}^d$"

by R.F. Bass, T. Kumagai and T. Uemura

The first line of the proof of Proposition 3.1:

'Since we have (3.5) and $p^{n,r,\lambda}(t,x,y) \leq p^{n,r}(t,x,y)$' should be changed as 'Since (3.5) still holds by replacing $p^{n,r}(t,x,y)$ with $p^{n,r,\lambda}(t,x,y)$'.
